This is Starlite. He is Rainbow Brite's magical flying horse and her best friend. He is white with a rainbow-coloured mane and tail.

This is Twink. He is Rainbow Brite's favourite sprite and is the only white one. Starlite and Twink try to protect Rainbow Brite wherever she goes.

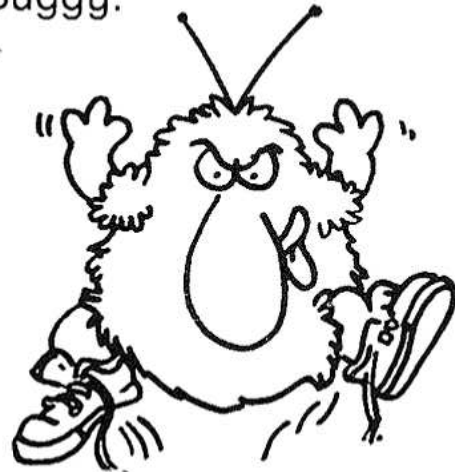

There are two nasty creatures that live in The Pits on a hill above Rainbow Land.

This is Murky Dismal. He lives in the dark and dreary caves of The Pits. He works in his laboratory making clouds of gloom. He hates colour and wants everyone to be as miserable as he is.

This is Lurky. He is Murky Dismal's assistant. He is much bigger than Murky and is always getting in the way or spoiling Murky's plans. He drives Murky around in an old vehicle called the Grunge Buggy.

Here are the Colour Kids who help to bring colour to everything. There is one Kid for each colour of the rainbow. They are each in charge of their own colour and each leads a group of sprites of that colour. The sprites are the friendly little workers of Rainbow Land. They mine the Star Sprinkles which Rainbow Brite uses and they report to their own Colour Kid.
